Dear Parent/Carer

Re: Revision programme for all Year 11 students.

This is an extremely important time for all Year 11 students as they prepare for their exams. **On Monday 5th June the Year 11 timetable changes to a Year 11 revision programme. For the next three week of Term 6 (5th -23rd June) students must be in school full time unless they have completed their final exam.**

Students will be expected to go to their lessons until they have completed their final exam in that subject. If students have completed their final exam in the subject, they are to attend open revision sessions on school site until the date stated above. Any deviations from the above will be agreed on an individual basis with a conversation between parent/carer/student and myself.

For example - If a student has completed their final Art exam - during their art lessons they will be in an open revision session to complete independent study on revision areas of their choice; the locations of these sessions will be shared with students on the day.

Teachers have planned and will deliver a series of revision sessions across the subjects to support students to be well prepared for their exams. Each revision session provides targeted revision that will improve the performance of students in the exams. **Students who attend revision sessions in school get better grades.** This is particularly true when revision sessions are timed immediately prior to the exam.

Students should be putting aside time each day to prepare for their exams. Parents and carers play a very important role in supporting students in their revision and helping them perform well in their exams.
